

Bambu Lab FAC129 Nozzle Eddy Sensor - Left (H2D)

SKU / Model: FAC129

Product overview

? Product Name Bambu Lab FAC129 Nozzle Eddy Sensor Left Side Configuration ?
Product Overview The Bambu Lab FAC129 Nozzle Eddy Sensor (Left) is a genuine replacement part designed to provide precise nozzle height detection and calibration. By utilizing eddy current sensing technology, it ensures accurate bed leveling and consistent first-layer performance. This sensor is essential for maintaining high-quality prints and reliable operation in supported Bambu Lab printers. ? Top Highlights ? Eddy current sensing Provides highly accurate nozzle detection ? Durable design Built for long-term stability and repeated calibration cycles ? Easy installation Designed for straightforward replacement ? Improved print quality Ensures consistent first-layer adhesion ? Left-side configuration Genuine Bambu Lab part for supported printers ?
Technical Details Specification Details Model FAC129 Nozzle Eddy Sensor Left Compatibility Designed for supported Bambu Lab printers with dual sensor configuration Function Detects nozzle height and assists in automatic bed leveling Technology Eddy current sensing Placement Left-side mounting position Dimensions Approx. 25 mm x15 mm x10 mm Weight 0.01 kg Included in Box Nozzle Eddy Sensor (Left) x1 ? Why You Should Buy It ? Provides precise nozzle detection for accurate calibration ? Ensures consistent first-layer adhesion and print quality ? Genuine Bambu Lab replacement part for guaranteed compatibility ? Quick installation to restore optimal performance ? Recommended Use Cases ? Replacing a faulty or worn nozzle eddy sensor ? Maintaining accurate bed leveling in supported printers ? Ensuring reliable first-layer performance ? Supporting high-precision and multi-material printing workflows ? Customer Assurance ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via official support channels and authorized resellers ? Call to Action Ensure precise calibration and flawless printing with the FAC129 Nozzle Eddy Sensor Left. Thanks for choosing YOUR TRUSTED IT PARTNER.
