

Bambu Lab SAA027 AMS RFID Board - AMS

SKU / Model: SAA027

Product overview

? Product Name Bambu Lab SAA027 AMS RFID Board Compatible with AMS ? Product Overview The Bambu Lab SAA027 AMS RFID Board is an official replacement component designed for the Automatic Material System (AMS). It enables RFID-based filament recognition, allowing the AMS to automatically detect and manage filament spools with embedded tags. This ensures accurate material tracking, reduces manual setup, and enhances the efficiency of multi-material printing workflows. ? Top Highlights ? RFID Recognition Automatically identifies filament spools with RFID tags ? Optimized Material Management Simplifies multi-material printing setup ? Official Replacement Part Ensures compatibility with AMS units ? Reliable Performance Maintains consistent filament tracking ? Easy Installation Designed for quick replacement and secure fit ? Technical Details Specification Details Model SAA027 Component Type AMS RFID Board Compatibility Bambu Lab AMS Function Reads RFID tags for filament identification Materials PCB with integrated RFID circuitry Packaging Size Approx. 100 x70 x20 mm Packaging Weight Approx. 0.09 kg Installation Direct replacement, plug-and-play fit ? Why You Should Buy It ? Automates filament recognition with RFID ? Reduces manual setup for multi-material printing ? Officially designed for AMS compatibility ? Quick installation with reliable performance ? Recommended Use Cases ? Replacing faulty RFID boards in AMS ? Automating filament spool recognition ? Enhancing multi-material printing efficiency ? Supporting professional and hobbyist workflows with smart material tracking ? Customer Assurance ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via official support channels and authorized resellers ? Call to Action Upgrade your AMS with smart filament recognition install the SAA027 RFID Board today. Thanks for choosing YOUR TRUSTED IT PARTNER.
