

## Microsemi PD-9001GR/AC PoE 1-Port 30W Gigabit Midspan, 802.

SKU / Model: PD-9001GR/AC

### Product overview

The Microsemi PD-9001GR/AC is a Power over Ethernet (PoE) midspan device that provides a single port with up to 30W of power. It is designed to support Gigabit Ethernet and is compliant with IEEE 802.3 standards, making it suitable for powering devices such as IP cameras, VoIP phones, and wireless access points. This midspan solution simplifies the installation of PoE devices by eliminating the need for separate power supplies.
