

USB 2.0 Extender over RJ45 Cable up to 100M - Y-2507

SKU / Model: Y-2507

Product overview

The Y-2507 USB 2.0 Extender allows you to extend USB connections over long distances using standard RJ45 cables. This device supports distances up to 100 meters, making it ideal for various applications where USB devices need to be placed far from the host computer. It is compatible with USB 2.0 devices and ensures reliable data transmission over extended lengths.
