

Bambu Lab DLB020 MC Board - X1E

SKU / Model: DLB020

Product overview

? Product Name Bambu Lab DLB020 MC Board Compatible with Bambu Lab X1E 3D Printer
? Product Overview The Bambu Lab DLB020 MC Board is the motion control board for the X1E printer, responsible for driving motors, coordinating toolhead movement, and ensuring precise mechanical performance. Designed for seamless integration, it delivers stable operation and accurate control essential for high-quality 3D printing workflows. ? Top Highlights ? Motion Control Drives motors and coordinates toolhead movement ? Optimized Performance Ensures smooth and accurate mechanical operation ? Easy Replacement Designed for straightforward installation ? Perfect Fit Tailored specifically for the Bambu Lab X1E ? Reliable Operation Reduces risk of mechanical faults during extended prints ? Technical Details Specification Details Model Number DLB020 Compatibility Bambu Lab X1E Function Motion control board for driving motors and coordinating movement Core Role Controls toolhead motion, axis movement, and mechanical precision Materials PCB with integrated electronic components Packaging Size 200 ×145 × 20 mm Packaging Weight ~130 g Special Note Handle with care to avoid static discharge or connector damage ? Why You Should Buy It ? Provides precise motion control for X1E printers ? Designed specifically for seamless integration with Bambu Lab X1E ? Easy to install and replace ? Ensures reliable mechanical performance for advanced 3D printing workflows ? Recommended Use Cases ? Replacement for damaged or faulty MC board ? Preventive maintenance for X1E printers ? Ensuring stable motion control during extended prints ? Keeping spare parts ready for uninterrupted workflows ? Customer Assurance ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via official support channels and authorized resellers ? Call to Action Keep your X1E printer running with precision using the dependable DLB020 MC Board. Thanks for choosing YOUR TRUSTED IT PARTNER.
