

OEM CN48D5 CENTAUR III Servo CN48D5 Server-Square Fan 200

SKU / Model: CN48D5

Product overview

? Product Name OEM CN48D5 CENTAUR III 120mm AC Server Fan 200 240V Japan Servo ? Product Overview The CN48D5 CENTAUR III is a high-reliability 120mm AC axial fan designed for industrial and server-grade cooling. Built with a shaded pole induction motor and double-shielded ball bearings, it delivers consistent airflow and long operational life. Ideal for enclosures, automation systems, and OEM replacements, this fan operates on 200 240V AC and features a square aluminum frame for secure mounting. ? Top Highlights ? AC Axial Design Reliable airflow with shaded pole induction motor ? 200 240V Operation Compatible with industrial and server power systems ? Double Ball Bearings Long-life, low-noise performance ? Aluminum Frame Durable die-cast housing for rugged environments ? 2-Wire Lead Simple integration into existing systems ? Technical Details Specification Details Model Code CN48D5 Voltage 200 240V AC Current 0.05 0.06A Power Consumption 8.5 9W Fan Type Shaded pole induction motor Bearing Type Double-shielded ball bearing Frame Material Aluminum alloy (die-cast) Blade Material Glass fiber reinforced polycarbonate Dimensions 120mm x120mm x38mm Mounting Type Square frame with 4-hole mount Wire Type 2-wire lead Protection Impedance protected ? Why You Should Buy It ? Industrial-grade reliability for 24/7 operation ? Compatible with legacy and OEM server systems ? Durable aluminum frame and ball bearing design ? Easy to install and maintain ? Recommended Use Cases ? Server rack and PSU cooling ? Industrial automation enclosures ? CNC and control cabinets ? OEM fan replacement for legacy systems ? Customer Assurance ? Warranty / Guarantee: Typically 1-month reseller warranty ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivered via trusted logistics partners with tracking support ? Customer Support: Assistance available via OEM distributor or authorized reseller ? Call to Action Keep your systems cool and stable with the CN48D5 engineered for industrial-grade airflow. Thanks for choosing YOUR TRUSTED IT PARTNER.
