Cisco MDS 9132T 32G FC switch, w/ 8 active ports + 8x16G SW C

SKU / Model: DS-C9132T-8PMISK9

Product overview

? Product Name Cisco MDS 9132T 32G Fibre Channel Switch (DS-C9132T-8PMISK9) 8 Active Ports with 8x16G SW Optics ? Product Overview The Cisco MDS 9132T is a compact, high-density Fibre Channel switch designed to deliver 32G line-rate performance for enterprise storage networks. With 8 active ports and bundled 16G shortwave optics, it provides secure, scalable, and efficient SAN connectivity for mission-critical workloads, while supporting advanced features such as VSANs, zoning, and hardware-based encryption. ? Top Highlights ? 32G Fibre Channel High-speed SAN connectivity for demanding workloads ? 8 Active Ports Ready-to-use configuration with expansion capability ? 16G SW Optics Included Pre-installed optics for immediate deployment ? Advanced Security Hardware-based encryption and secure zoning ? Enterprise-Class Features VSANs, NPIV, and traffic management ? Technical Details Specification Details Switch Type 32G Fibre Channel SAN switch Form Factor 1U rack-mountable Active Ports 8 ports enabled (expandable) Optics 8x16G shortwave SFPs included Port Speed 4/8/16/32 Gbps auto-negotiation Aggregate Bandwidth Up to 1024 Gbps Latency < 700 ns cut-through switching Management Cisco NX-OS, CLI, DCNM Security Hardware encryption, role-based access, secure zoning Reliability Hot-swappable fans and dual redundant power supplies ? Why You Should Buy It ? High-speed 32G SAN connectivity ? Includes optics for immediate deployment ? Compact 1U design for space efficiency ? Advanced security and enterprise-class features ? Recommended Use Cases ? Enterprise SAN deployments ? Mission-critical storage workloads ? High-performance databases ? Virtualized and cloud-ready environments ? Customer Assurance ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via official support channels and authorized resellers ? Call to Action Strengthen your SAN with the Cisco MDS 9132T for secure, high-speed Fibre Channel connectivity. Thanks for choosing YOUR TRUSTED IT PARTNER.
