

Cisco Meraki MS130-48P-HW Cloud Managed 48-Port Gigabit Ethernet Switch

SKU / Model: MS130-48P-HW

Product overview

The Cisco Meraki MS130-48P-HW is a cloud-managed access switch designed for enterprise and campus networks. Featuring 48 Gigabit Ethernet ports and a robust 740W PoE+ budget, it delivers reliable power for access points, IP phones, and IoT devices. Managed through the Meraki Dashboard, it simplifies deployment, monitoring, and troubleshooting while ensuring secure and scalable connectivity. Key features include centralized control via the Meraki Dashboard, high port density, and enterprise security features such as 802.1X and ACLs. This rack-mountable switch is perfect for large office deployments and powering modern devices.

Specifications

Vendor Part Number: MS130-48P-HW

UPC: 810087200091

Manufacturer: Cisco

Category: Networking

Subcategory: Switches & Hubs

Product Type: Stackable Switches

Unit of Measure: EA
