

EK EKWB 1023 EK-Quantum Torque Rotary 90° - Nickel

SKU / Model: EKWB 1023

Product overview

? Product Name EK-Quantum Torque Rotary 90° Nickel Adapter Fitting G1/4" Thread, CNC Brass, Quantum Series, EKWB 1023 ? Product Overview The EK-Quantum Torque Rotary 90° Nickel is a revolvable angled adapter fitting designed for custom PC liquid cooling systems. Part of EKWB's Quantum series, it features a robust cylindrical form with zero play in the rotary joint, ensuring secure and leak-free operation. Made from CNC-machined brass with a high-quality nickel finish, it allows for clean 90° tubing angles and improved loop accessibility. Compatible with all G1/4" threaded fittings and components.

? Top Highlights ? Rotary 90° Design Enables precise angled tubing connections ? CNC-Machined Brass Durable and corrosion-resistant ? Nickel Finish Polished, premium aesthetic ? G1/4" Thread Compatibility Works with standard fittings and blocks ? Quantum Series Build Quality Engineered for elite water cooling setups ?

Technical Details Specification Details Product Code EKWB 1023 EAN 3831109814505 Thread Type G1/4" Material CNC-machined brass Finish Nickel-plated Outer Diameter 23 mm Installed Height 31.5 mm Seal Type High-quality rubber O-rings Series EK-Quantum Torque Rotation 360° revolvable joint ? Why You Should Buy It ? Enables clean 90° tubing angles ? Premium nickel finish matches high-end builds ? Durable brass construction with leak-proof O-rings ? Compatible with all G1/4" fittings and EK components ? Recommended Use Cases ? Custom PC liquid cooling loops ? Tight bends and space-constrained tubing paths ? Aesthetic-focused builds with polished fittings ? EKWB Quantum Series setups ? Customer Assurance ? Warranty / Guarantee: 2-Year Limited International Warranty ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via EKWB support channels and authorized resellers ? Call to Action Build with precision using EK-Quantum Torque Rotary 90° Nickel secure, sleek, and engineered to last. Thanks for choosing YOUR TRUSTED IT PARTNER.
