

Jabra Evolve2 65 Link380a UC StereoBlack Jabra Evolve2 65 Wir

SKU / Model: 26599-989-999

Product overview

Jabra Evolve2 65 Link380a UC Stereo Black The Jabra Evolve2 65 Link380a UC Stereo Black is a premium wireless headset designed for unified communications users who expect excellent audio, robust build, and all-around performance. With its over-ear form factor, massive 40 mm speakers deliver full, rich sound for both calls and media. The headset features angled earcups plus memory foam oval cushions that provide strong passive noise isolation, reducing background distractions so you can stay focused in noisy environments. At the heart of its call quality are three precision microphones and an advanced digital chipset which reduces background conversation noise by about 23%. Ideal for remote workers, hot-deskers, or open office setups, this ensures your voice is heard clearly even when there s ambient chatter. The headset is certified for all major UC platforms (including Microsoft Teams) and includes the Link 380a USB-A adapter for plug-and-play ease with computers. Battery life is strong: up to 37 hours of use on a single charge, so it's reliable through long work sessions. A fast-charging feature delivers meaningful uptime with just a short charge. Physical controls on the headset let you mute, adjust volume, and manage calls without reaching for your device. The 360° busylight is visible from all angles, acting as a clear do not disturb indicator. Comfort is key: the headband is cushioned, materials are premium, and the design has been shaped using biometric data to fit better. For storage and desk setups, optional desk stands are available. Overall, the Evolve2 65 delivers a balance of sound, comfort, and professional features suited for daily business use. Technical Specifications:
