ARCTIC P14 SLIM PWM PST

SKU / Model: ACFAN00268A

Product overview

Arctic ACFAN00268A P14 Slim PWM PST Ideal for Small SpacesUnlike standard 140 mm case fans with a thickness of 27 mm, the P14 Slim PWM PST has a mounting depth of only 16 mm. This makes it the ideal choice for Small Form Factor (SFF) builds. Corresponding screws for mounting on a radiator are already included.Optimised for High Static PressureBecause the fan design of the P14 Slim PWM PST is optimised for focused airflow, it generates high static pressure. The fan enables extremely efficient cooling and good airflow - even with increased air resistance. High-Quality Sleeve BearingThanks to a combination of alloy and lubricant developed in Germany, friction within the bearing is minimized and greater efficiency is achieved. In addition to preventing lubricant loss, wear on the pin and sleeve is also reduced to a minimum. Less heat is developed, less bearing noise is generated and the life of the fan is extended significantly.0dB Mode - Zero rpmThe speed of the P14 Slim PWM PST can be throttled down to a standstill via PWM. SPECIFICATIONS Connectors 4-Pin Connector + 4-Pin Socket 4-pin PWM Product Type Cooling Fan Manufacturer Part Number ACFAN00268A Manufacturer Website Address http://www.arctic-cooling.com Packaged Quantity 1 Manufacturer Arctic Cooling Product Name P14 Slim PWM PST Cooling Fan Product Line P14 Slim PWM PST Brand Name Arctic Application/Usage Case PC Package Contents P14 Slim PWM PST Cooling Fan Cable Splitter Mounting Screws Weight (Approximate) 3.84 oz Fan Height 0.63" Fan Width 5.51" Product Color Black Color Family Black Maximum Fan Diameter 5.51" Rated Current 190 mA Limited Warranty 6 Year Fan Bearing Type Fluid Dynamic Bearing Number of Fans 1 Maximum Air Pressure 1.55mmH2O Maximum Airflow 389 gal/min Fan Speed (Min) 150 rpm Fan Speed (Max) 1800 rpm Noise Levels (A-Weighted) 22.5 dB(A)
