

Bambu Lab SAA024 AMS Mainboard (V2)

SKU / Model: SAA024

Product overview

? Product Name Bambu Lab SAA024 AMS Mainboard (V2) Core electronic control board for AMS Lite ? Product Overview The Bambu Lab SAA024 AMS Mainboard (V2) is the central electronic control unit for the AMS Lite system. It manages communication, power distribution, and operational logic, ensuring smooth multi-material printing and reliable performance across all AMS Lite components. ? Top Highlights ? Core Control Unit Oversees AMS Lite operations and communication ? Easy Replacement OEM part designed for straightforward installation ? Optimized Integration Seamlessly connects with AMS Lite modules ? Reliable Performance Ensures consistent multi-material printing ? Durable Build Engineered for long-term stability ? Technical Details Specification Details Model Number SAA024 Type AMS Mainboard (V2) Compatibility AMS Lite System Function Electronic control and communication hub Materials PCB, Electronic Components Packaging Size 105 x54 x33 mm Packaging Weight 0.022 kg Included in Box AMS Mainboard V2 x1 ? Why You Should Buy It ? Provides essential control for AMS Lite system ? OEM-grade part ensures seamless integration ? Durable and reliable for long-term use ? Simplifies maintenance and replacement ? Recommended Use Cases ? Replacing faulty or outdated AMS Lite mainboards ? Ensuring stable communication between AMS Lite modules ? Supporting consistent multi-material printing ? Maintaining system reliability and performance ? Customer Assurance ? Returns Policy: Returns accepted as per standard reseller terms and conditions ? Shipping Info: Delivery handled by reliable logistics partners with tracking support ? Customer Support: Assistance available via official support channels and authorized resellers ? Call to Action Keep your AMS Lite running at peak performance with the SAA024 Mainboard V2. Thanks for choosing YOUR TRUSTED IT PARTNER.
